	Rainbow Fish, Spot goes to the Beach, Barry the Fish with Fingers	
<u>Weekly themes</u> (suggested)	The beach Sea life The rockpool Summer fun Holidays/We are going on a summer holiday Safe in the sun Keeping cool	Fossils/Fossil hunter Bones and footprints (maths focus) What did the dinosaurs look like? Type, colour, size, horns or spikes, wings, teeth What did the dinosaurs eat? Dinosaur landscape/habitat - swamps, volcanos... Fierce or friendly?

Please choose a minimum of one art activity a week, to complete with your class. It does not have to have a direct link to the termly or weekly theme and the activities can of course be re-visited.

EAD and Process Art

Process art is wonder art and open-ended play, and the perfect way to introduce visual creativity to young children.

Process art is not about teaching children how to do art. It's about creating a space for them to discover it for themselves. Process art is about freedom, not rules.

With a practice of process art, we're more interested in how the art is being created than in what the finished product is going to look like.
