## Comments:

C likes school when he is there but if he had the chance to stay at home he would! Its nothing to do with the school but he likes being at home! Can't praise the school enough, C is always improving and gaining more confidence which is a direct response to coming to Rowan Gate. The staff (and that includes everyone) even the transport staff are brilliant. Any problems or concerns are always dealt with. Keep up the good work. Thank you.

These replies are not just a glib response. I completely agree that in all areas Rowan Gate School is offering a superb opportunity for my child, and exceptional support to us as parents. Thank you for being motivated and interested governors. It's a thankless task at times, but you are deeply appreciated.

I am proud my child goes to the school. The teachers and others involved are caring and good at their jobs. I have no concerns or complaints, but I would like to know more about what my child has been doing and how they are achieving these goals. Super school!

My overall experiences with Rowan Gate are extremely positive. All staff have been available if and when needed. Keep up the excellent work. :)

We are really happy with the level of care and education, etc our child receives. Ma1ine is fantastic and along with her team they have truly made a difference to us all. We are happy to date with Rowan Gate and felt the staff dealt with the recent Fire really well.

After recently attending my son's review meeting, it only serves to reinforce my positive feelings for how pleased I am with the schools outlook towards teaching and 'all round' developmental assistance, with my son, who requires a detailed approach to his academic, personal and social skills. I cannot thank all the staff and particularly his class teachers enough. The change in behaviour is from excellent management and appropriate strategies. Autism is a permanent disability, the necessary environment to flourish is one that is constantly strived for at Rowan Gate and always maintained. Very contented parents!

Am happy with all aspects of school. Recent fire handled very well. Follow up info very good. Could make more of positives and good news stories. Weekly dinner money/menu a pain to remember, don't like the system.

Looking forward to the introduction of school cardigans as an option for my child. I love Rowan Gate!! :o)

He loves school and he run's up to school. J is a good boy at times

Rowan Gate is a fantastic school and my son is very happy at school. The teachers always go that extra mile to make sure the children are safe and happy

Rowan Gate is an outstanding school and I have found it to be brilliant in helping myself and my son to overcome a very bad experience

School activities involving parents often take place during the day - this can make it difficult for those of us that work during the day to become involved as fully as we would like. Also we are only informed of activities at most a week before they happen so find it difficult to plan to be there.

Perfect in every way

Thank you all!
