

**RE:** This term we shall be considering what being a person of faith means and what impact they can have. We will be learning about different religious and historical figures from around the world and what affect they had on people around them and the rest of society.

**Maths:** This term, we will be learning about place value, data handling, money, time and measure. There will be lots of practical Maths to motivate and engage the children and to help them to learn the key concepts.

**English:** In English this term we will be looking at stories from significant authors and other cultures, reports/explanations and drama. The children will also be learning phonics/spelling and handwriting on a regular basis.

Spring 2021

Peaches Class

**PE:** In PE this term we will continue with Yoga, relaxation and meditation to calm our minds and bodies

**Science:** In Science, we will be learning about Animals and Living Things, Evolution and Inheritance. We will be finding out about how animals have adapted to their habitat, the impact humans have on the environment and how animals have changed over time.

**Computing:** In computing, the children will be learning about programming (animation) and digital media. They will be exploring and using a range of software, creating pictures, animations and also having a go at taking a video.

**PSHE:** Our focus this term is getting on and falling out. We will considering healthy friendships and relationships. We will be working on recognising our feelings and how to manage them at times of conflict.

**Topic:** Our topic for this term is 'Rainforests' and our work in Art/DT/Geography/History and Music will all be linked to this theme. We will be finding out what rainforests are, where they are located and what animals you can find there.
