

RE: In RE this term we are learning about Jesus and his Disciples. We will listen to bible stories and consider his followers actions, morals of the stories through creative work, story-telling and drama.

Maths: We are doing lots of number work this term, number, place value and rounding. We will be covering multiplication, division and fractions. Towards the end of term our focus will be on Geometry, position, direction and motion. All themes will be taught and explored through practical and engaging means.

English: In English this term we will be looking at stories from other cultures, writing persuasive texts and drama. We will continue with our regular phonics and fine motor skills lessons. Children will have the opportunity to be practising their reading, comprehension, writing, spelling and phonics skills during their daily morning skills sessions.

Summer 2 2022
Peaches – KS2 Semi-formal Curriculum

Science: In Science this term the children will be continuing with the topic Living things, habitats and life cycles. We will be exploring different exciting habitats near us and around the world. We will be releasing our much-loved class caterpillars into the wild as soon as they have turned into butterflies!

Computing: In computing, the children will be learning about all aspects of E-Safety. This is an important field that our children must learn about to ensure they are equipped with the skills to keep them safe. We will be sending home some practical activities and tips that you can use at home too.

PSHE: Our focus this term is Safety in the Community. The children will be learning about how they can keep safe in a variety of different situations. We will be learning about bike safety and more information will follow nearer the time.

PE: In PE we will continue having our weekly sessions with Juliette. This term we will be focusing on Athletics and net and wall games. We shall also be continuing our daily mile walks up to three times per week.

Topic: Our topic for this full term is Captivating Castles!

In history and Geography and Art and DT we will be learning about castle life and Medieval Times.
