

English

We have really enjoyed looking at fairy tails last term and will continue this going into our final term. We will be looking at poetry/rhyme, explore some water poems and reading 'Shark in the Park'

We are continuing with our daily 'reading for pleasure' sessions.

During our weekly phonics sessions, we will continue with the focus on Phase 1. Some of us exploring environmental sounds, some body percussion and some rhythm and rhyme.

Topic

As part of Topic we will be exploring 'Why is water wet?'. At first, we will learn what 'wet' means, by exploring a range of different wet materials, foods and activities with water. We will then move onto how we can use water, making our own flavoured water and designing our own label for the bottle. We will look at weather and seasons, exploring rain, hail and storms, conducting a few experiments and recording rainfall and the sun movements. We will have a week exploring who lives in/on water, using information books and the internet to research sea creatures. During PSHE we will have lots of opportunities to play together and learn what it means to be part of a group.

Apricots Termly Overview

Here we are in our final term! We're very much looking forward to spending the end of the school year together.

If you have any questions or concerns at any time, please do communicate via the home-school books.

Best Wishes,
Apricots Staff.

Maths

For our final term we will be looking at shape, time, number and place value, position and direction and also addition and subtraction.

We will be developing our problem solving practically, using mathematical equipment we are beginning to become very familiar and confident with.

RE

Our focus for Religious Education this term is 'What it means to be part of a Muslim family.' We will be looking at family life, culture and food.

PE

Our focus during Physical Education this term is 'Express Yourself' and sports day.
