Summer term 2021

Welcome back! We hope you had a relaxing and enjoyable Easter. It is lovely to be back at school and beginning the summer term!

As you are aware, there are many changes and different routines throughout the school due to the Covid 19 pandemic.

Please use the children's home school books to record any information you need to share, face to face communications with parents/carers is limited during this time but we are still very much here and able to communicate with you in different ways, a phone call to school is always welcome and suitable times can be arranged to have these/call back if we are busy in class.

It is really helpful for us to know of any changes, celebrations, worries or concerns you or your child may have so we can work together - this might be anything from a bad night's sleep to a lost toy, a new word or favourite food.

Your child will read at school and will continue to bring home a reading book that will be changed every Monday. At this time, your child will have two sets of reading books and reading record; one for home and one for school. When the children bring their books home, please share their book daily and record in the reading record so we know how they are getting on at home with you too!

As you are aware, we have now set up a home learning account for your child on TEAMS. Every Friday a small home learning task will be set and due back the following Friday.

This term we are delighted to be able to welcome some outside coaches to complete our PE sessions. Please send in your child's PE kit including suitable shoes. Please also continue to send enough drinks for your child as the warmer weather is approaching.

Cherries Staff

Class Teacher- Amy Moore

Teaching assistants- Samara
Page, Cara Langley,

Andi Hyde
