Autumn term 2020

Welcome back! It is lovely to be back at school and beginning our new school year!

Staff in class:

Teacher - Rachel Allen

Teaching Assistants- Claire Riding, Jackie Hall, Lisa Hopkins & Ruth Basson

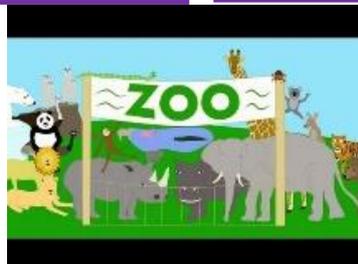

As you are aware there are many changes and different routines throughout the school due to the Covid 19 pandemic, we will spend the first few weeks of term introducing these and supporting the children with their well-being and emotions. Please remember to send snack, lunch and drinks in with your child. If they need a cup, plate or cutlery please also send these in their bag.

Please use the children's home school books to record any information you need to share, face to face communications with parents/carers is limited during this time but we are still very much here and able to communicate with you in different ways, a phone call to school is always welcome and suitable times can be arranged to have these/call back if we are busy in class.

It is really helpful for us to know of any changes, celebrations, worries or concerns you or your child may have so we can work together - this might be anything from a bad night's sleep to a lost toy to a new word, favourite food!

Our topic this term is "zoo life" we will learn about animals and humans, what we need to eat, our bodies, teeth and places animals live. We will be doing lots of craft activities related to different animals and animal stories.

Home learning activities will be set weekly and a book will be sent home to record any activities the children do along with additional activities you may want to complete at home.

As Plums class is a nurture class we will also be doing lots of activities to support our play and interactions, feelings and emotions. More information about nurture classes can be found at <https://www.nurtureuk.org/>
